Greetings:

Enclosed are copies of Changes of Ownership of Water Right submitted to this office for filing in accordance with Section 72-1-2.1 NMSA 1978 (1985 Repl. Pamp.), as amended. The acceptance by the State Engineer Office does not constitute a validation of the rights claimed.

According to Section 72-1-2.1, NMSA 1978 (1985 Repl. Pamp.), as amended you must record the Changes of Ownership with the Clerk of the county in which the water rights are located. The filings shall be public notice of the existence and contents of the instruments so recorded.

These rights are currently part of a lawsuit (State v. Lewis, et al. Nos., 20294 and 22600, Consolidated) to determine all water rights in the Pecos River Stream system. All water right owners on record with the State Engineer Office Legal Division are defendants in the lawsuit. Unless you submit the Motion for Substitution, which is enclosed, the previous owner of these water rights will continue to receive all court documents concerning these water rights. If you need any assistance filling out the form, call this office at (505) 622-6521. You should attach a copy of your Change of Ownership form to the Motion for substitution and return both in the envelope provided to: Office of the State Engineer, District II, 1900 West Second Street, Roswell, New Mexico 88201.

Sincerely,

John R. D'Antonio, Jr., P.E.
